# Swimming Pool Electric Addendum

- Timed switches that can automatically turn off and on heaters and pumps according to a preset schedule shall be installed on swimming pool heater and pumps unless one of the items below is checked.  
\_\_\_\_ 24 hour pump operation  
\_\_\_\_ Pumps are required to operate solar- and waste-heat-recovery pool heating systems.
- Heated pools shall be equipped with a vapor retardant pool cover on or at the water surface if the pool is heated. Check space if the pool is heated \_\_\_\_.
- Please describe in your own words what you want to have done. The description may take the form of a drawing, isometric, written description, table, schedule, specification, or any other form or method of adequately describing the proposed work. Once completed, submit sheet with the Residential Application*

*Written Description of proposed electrical work:*
