“AS BUILT” CERTIFICATION FORM (rev. 03/09/00)

I, the undersigned, do hereby certify to the following elevation at the referenced property as required by the Flood Damage Prevention Resolution of Butler County.

Location of Property _____

Owner of Property _____

“As Built” Lowest Floor Elevation, _____
(including basement) (feet above mean sea level)

Signature of Surveyor

Professional Seal

Date

NOTE:

This form should be completed by a professional surveyor and returned to the local flood plain administrator. The form can be used to serve two purposes. First, it can be used by the property owner to certify that the completed construction meets the flood elevation standards of the community. Secondly, this form can be used by insurance agents to complete the Elevation Certificate which they need to submit for insuring new construction in the flood plain. The community should keep the completed original on file and provide the property owner with a copy that he or she can furnish to the insurance agent. In this manner the agent will not have to call upon the community official for assistance in determining the elevation data they require.
