

Liberty Grand Villas

Located on Hamilton-Mason Road and visible from State Route 129, Liberty Grand Villas is quickly taking shape. Once complete, the condominium community is planned to include 33 multi-unit buildings.

The builder and developer for Liberty Grand Villas is Jimenez-Haid Builders based in Columbus. The project encompasses slightly less than 24 acres in Liberty Township. In August 2008, the Butler County Commissioners approved an easement dedication plat for the project which outlined new ingress/egress and utility easements for the site.

Clubhouse

Liberty Grand Villas includes a private clubhouse with an outdoor pool, media room, fitness center, and social area. Other site features include three ponds and landscaping. Each condominium building contains four private homes each with their own two-car garage.
