ZONE CHANGES:

WCTZ 18-03 Brate Industrial Park, A-1 to I-PUD

8341 Princeton Glendale Road
Section 11, Town 2, Range 2
West Chester Township

Mr. Acuff presented the proposed zone change to allow for three large warehouse buildings and a new road. Mr. Acuff then reviewed staff comments that addressed the necessity of a public road connection and dedication for sanitary sewer.

Mr. Rumpke questioned where the sewer would be coming from, to which Mr. Acuff stated it would be coming from the existing sewer in the northwest.

Mr. Baker requested clarification of who would be responsible for the connector street. Mr. Acuff informed the board that the developer would be responsible to construct the street, and it would then be dedicated to the county, similar to what is done for residential areas.

Testimony in favor: Jeremy Michael, 1239 Laurence Rd, Wyoming, OH 45215, of Northpoint Development, explained to the board that he was working with West Chester township on the road access to best serve future development. He explained the type of structures to be built as large loading warehouses with loading docks on their side. The first 2 are set to begin construction this year, while the third may be a 2019 project.
